We provide a professional and comprehensive Quality, Environmental, Health, Safety (QEHS) and Business Improvement consultancy service, to support your business to meet its business goals and achieve the very highest standards of compliance and issue management.

We believe that managing a successful and profitable business these days is challenging, our aim is to support you meet those challenges and not increase the burden and impact upon your bottom line.

We aim to simplify, not complicate! We can support you meet your statutory obligations as well as provide advice and direction on achieving the very best levels of business efficiency and subsequent profitability.

We are able to use our significant experience gained across most industry sectors, both in the UK and globally, to ensure you are provided with the very best advice, guidance, support and systems to ensure you can get on with the job of running your business operation in an efficient and profitable manner.

We have the experience to identify innovative solutions and approaches that achieve the required goal, and that do not leave you with an increased burden upon your already stretched operational teams.

We believe that you will find, when working with us, a sense of relief that a fresh approach is taken, to what has often been onerous requirements placed upon you from the more traditional approaches to QEHS.

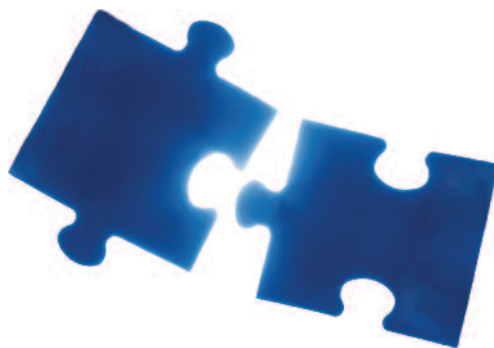

**We suggest you contact us to begin this process.**

The service we provide is comprehensive and we will seek to achieve a synergy from an aligned set of approaches so you benefit and improve your financial asset effectiveness.

We provide solutions that support your business and enable increased effectiveness in today's highly competitive market, ranging from:

-  Risk and Compliance Assessments
-  Certified Management Systems
-  Management and Investigation Services
-  Business Support

Every business is different in its support needs; please contact us to discuss how we can deliver improvement for you.

We have considerable expertise across a very wide range of industry sectors in the UK and across the globe, covering the QEHS disciplines, typically:

-  Food and Drink
-  Process Plant with High Risk Operations
-  Factory Services
-  Warehousing
-  Logistics
-  Offices and Corporate
-  Retail Outlets and Events
-  Metal Forming and Machining
-  Construction
-  Workshops
-  Facilities Management
